CLASS DESCRIPTIONS

PRE-DANCE 4-5

Ballet/Tap is a program designed for students' ages 4-5 years. This program takes the basics of ballet technique and through the use of props and imagination, gives the children a fun and educational class. Large motor skills are highlighted as well as stimulating the brain's coordination. All of the pre-ballet classes end with tap, where rhythms and smaller motor skills are emphasized. **(REQUIREMENTS: NONE)**

Acrobatics guides the dancer towards increased flexibility, balance, strength, muscle control, discipline and concentration. This class focuses on fundamental acrobatic techniques teaching such skills as handstands, chin stands, elbow stands, cartwheels, back bends, walkovers, balance and contortion tricks, all at each student's individual level of experience. AND ITS FUN TOO!!! **(REQUIREMENTS: BALLET/TAP BEFORE ACRO CLASS)**

Jazz/Hip-Hop is a funky form of dance. The body is used in many different ways and is not as restricted as in ballet. Jazz is danced to more popular music. Hip-Hop is the style of dance often seen in music videos. While jazz dance is heavily incorporated, pedestrian movements are styled and included in combinations that are performed to upbeat music. The two styles go hand in hand. **(REQUIREMENTS: NONE)**
